

This patented product has proven to be the fastest and most effective way to keep liners secured on waste containers by professional cleaners in a wide variety of industrial applications across the country and around the world. Building maintenance managers in hospitals, schools, large businesses, government buildings, etc., have found that not only is it the solution they've been looking for to avoid the mess, but the Cinch has proven to pay for itself in a short period of time by providing labor savings and reduced liner usage (see our industrial use site: [www.trashbagcinch.com](http://www.trashbagcinch.com)).

Now, with the added benefit of a replaceable Air Freshening Disc, SpecTech, Inc. is proud to offer this unique and effective product for home and office use.

*Double blister sealed enclosure provides two year shelf-life.*

*3M barrier shield material provides a minimum of 3 years shelf-life for the refill discs.*

## BENEFITS:

### For the Consumer

- Stops the mess & hassle from liners that refuse to stay in place
- Leaves area around trash smelling clean & fresh
- Save on liner usage
